

THE ROAD TO WORLD CLASS SAFETY

SAFETY ACADEMY

JANUARY 16 & 17, 2018 | THE WESTIN LAS VEGAS | \$199 PER PERSON

ABC's Safety Academy is designed to help attendees understand the importance of leadership commitment, cultural transformation and safety management processes in achieving a zero-incident job-site. The Safety Academy is different from any other safety training you've experienced; it goes beyond the "technical" side of safety and explores the emotional and behavioral components that take safety from one of many priorities to the core value upon which all decisions are based. This in-depth, two-session exploration of what it takes to transform your safety culture and mindset.

PRESENTED BY

Mike Bellaman
*ABC National
President & CEO*

Greg Sizemore
*ABC National VP,
Environment, Health
Safety & Workforce
Development*
